**Assisted group is non-competitive. Riders who are riding 'free' and who successfully complete the course, must take the placings over riders whose horses are being led. The assisted group is designed for beginner riders (preferably under 10 years) who are not competent enough to ride with speed and compete against their experienced counterparts.

NB Both the led group and the assisted group are aimed at allowing the kids to 'have a go' without the need for speed. Encouragement ribbons will be presented to each rider after 'having a go' and completing an event.

*Senior Riders, non-competitive groups, and age groups of less than four riders are not eligible for highest points.
